

ALASKA DEPARTMENT OF NATURAL RESOURCES (ADNR)

The following sections from Appendix A provided the information most pertinent to your review of the proposed project; please refer to Appendix A for all the preliminary research findings.

State and Local Land Use Plans and State Parks

The Prospect Creek airport is not within a region of the state for which the Alaska Department of Natural Resources (ADNR) has prepared a regional land use plan. However, the airport is within the area covered by the Dalton Highway Master Plan http://www.dnr.state.ak.us/mlw/planning/mgtplans/dalton_highway/index.htm. A local land use plan was not located for the Prospect Creek area.

No state parks are located in the project area.

Additional Information

In addition to identifying any concerns and/or issues your agency might have with the proposed project, the following information is requested:

1. If you know of any other existing and/or proposed land use plans and can identify any land use objectives that may conflict with the proposed project please provide that information.
2. The ADNR *Catalog of the Alaska State Park System* was consulted to determine if any existing parks are in the project area and any findings are identified above. If you know of any other existing or proposed State Parks in the vicinity of the project, and can identify any Park objectives or activities that may conflict with the proposed project please provide that information.
3. Please identify any permits and/or clearances to be obtained from your agency for the proposed project.
