541620 Environmental Consulting Services
541370 Geographic Information Systems Services

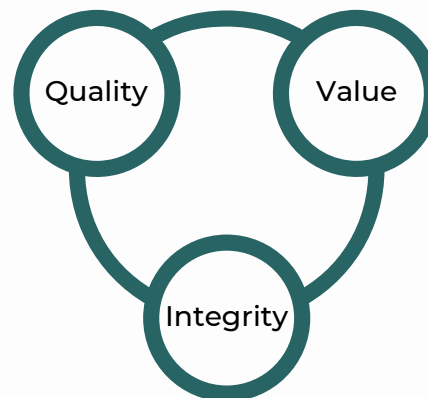

CAPABILITY STATEMENT

A small business established and headquartered in Fairbanks, Alaska, ABR is a leading environmental consultant specializing in Alaska ecological research and field operations. Each of our two locations (Fairbanks & Anchorage) provide a full spectrum of biological research and environmental permit support services. We have decades of experience working safely and efficiently in one of the most remote and challenging regions on the planet.

PAST PERFORMANCE (5 YRS)

25+ contracts with NPS
20+ contracts with BLM
15+ contracts with USFWS
7 contracts with DOD
6 contracts with USGS
3 contracts with NASA
1 contract with USFS

DIFFERENTIATORS

Our goal is to provide honest, robust scientific research and exceptional client services while leading our competitors in efficiency and safety.
